2014 JOON ROSÉ OF SYRAH

SONOMA COAST • CORYELLE FIELDS

Tin Barn Vineyards celebrates those hidden treasures that lie off the map. Our wines highlight the true character of Sonoma County.

High atop the ridges of the Sonoma Coast, just off Tin Barn Road, lies a remote plot of Syrah vines. From this fog enshrouded slope, we sourced grapes for our very first wine and derived inspiration for our name.

In the twelve years since winemaker Michael Lancaster and his business partners have made a fitting home in our own "tin barn"—a warehouse in rural Sonoma that serves as both cellar space and tasting room. Here, we've joined with fellow artisan winemakers to form the collective known as Eighth Street Wineries.

Come visit sometime! Remember, though, that a map will only get you so far.

June / jōon / 1) **brightest** month of the year in the western hemisphere, named for the Roman goddess Juno - 2) **"dear"** or term of affection in the Persian language

Legend has it that the source of the Syrah grape lies in the Persian city of Shiraz. While we can't confirm this well embroidered story, we can vouch for our own source of Syrah — from which we've created a distinctive Rosé. Coryelle Fields sits at an elevation of 1000 feet amid the foggy ridges of the Sonoma Coast, just off of our namesake Tin Barn Road. The six acre vineyard is owned and managed by Carolyn Coryelle, a wine industry veteran who also holds a degree in viticulture. Winemaker Michael Lancaster has sourced Syrah from this cool climate location for over a decade. Its **bright** earthy fruit remains **dear** to our hearts.
